Outstanding reviews from our customers

We used Swindon Space program as we are moving house and needed some temporary storage space. Easy access, straight to the door of the container as well as 24hr access makes this a great choice for us.

Would definitely use again.

Steve

Andre at The Space Program has been fantastic! Using Space Program has allowed us to scale up at a more cost effective alternative, **highly recommend if you're looking for additional space.**

Chris

Very secure site. Friendly team. I use the delivery service so they open up my unit to accept deliveries on my behalf which makes life much simpler as I don't need to wait around.

Would highly recommend.

Peter

Have been using, The Space Program for last 5 months, and have found them to be nothing but professional, Andre who looks after the Swindon site is always polite, helpful and always available to help ...would recommend to anyone looking for a storage solution.

Darren

Needed storage for in-between house moves and can honestly say it was the least stressful part about my whole moving home process. Van hire was also included to use so I could move all my life's belongings easily.

Highly recommend.

Sarah

Great customer service, very accommodating team. Very secure site and the fact you can drive up to unit saves having to carry things back and forth like at other storage facilities.
